	Light Up Firefly	Rocket Design	Light Up Firefly	Rocket Design
Must do:	Continue to look at the example of the light up firefly . Look around your house and garage for junk, old tins, spoons forks, string, cardboard, led fairy lights {battery operated only} and try to make your own firefly. Use your imagination think left field. Remember ... Its Garbage Can, not Garbage Cannot! Again, post your designs on Flip grid. More details found on the Teams Assignment.	First task is to research into rocket design look at the history of rockets, nose design, fin design and aerodynamics. You can get as technical as your brain allows this is rocket science! You have one week for the research at least two sheets of A3 put on one note as a PowerPoint. More details found on the Teams Assignment. Look on One Note to see the next task if you complete the above, see meeting notes for more information.	Continue to look at the example of the light up firefly .
